MPC-10 MPC-100

*Xsense*TM

Take advantage of your laptop's mobility with our 10Mbps or 10/100Mbps PCMCIA card. You'll get fast and reliable Ethernet connections while moving around. The MPC-10's dual media ports allow you to log-on to a high-speed Ethernet network as well as to transfer files much faster and easier than does a standard LocalTalk connection. The MPC-10 or MPC-100 comes with drivers for both Macs and PCs, and once loaded, its plug-and-Play design takes over so you won't waste time to manually configure the software.
